🎓 Examoura

Name:	Enrollment No:
Kavy joshi	25002171220009
Uday Tukadiya	24002171510035
Piyush Parekh	24002171210105

Examoura is an online examination system which is made by frontend technologies which we had studied in 3rd semester.

Information & Technologies Used

- Frontend: HTML, CSS, JavaScript
- Styling: CSS Gradients, Responsive Design
- Storage: Browser LocalStorage
- Authentication: Role-based Login (Admin & Student)
- Dashboard: Dynamic Result Display using JavaScript
- Platform: Web Browser

Working of the Project

- User Login (Admin / Student)
- Student selects and attempts exam
- Answers are evaluated automatically
- Score & Percentage calculated
- Result stored in LocalStorage
- Admin Dashboard displays all student results
- Pass/Fail determined (>= 40% Pass)

Future Scope

- Database Integration (MySQL / MongoDB)
- Student Registration System
- Timer-based Auto Submission
- Result Export (PDF / Excel)
- Performance Analytics & Charts
- Secure Authentication & Encryption
- Cloud Deployment

Thank
you!
